

Aid For Arts
Financial Aid application

Please email your application to: info@givegracenow.org

The Giving Grace Foundation is pleased to offer partial and full financial aid to students looking into participating in art centered programming. Please consider the following notes:

Arts programs include music lessons, dance classes, theater workshops, etc. Contact us if you have any questions on what programming may qualify for financial aid. We will disperse funding upon review and approval of each application. Please note that you must include proof of income (last year's income tax OR four weeks worth of pay stubs). We will only ask for proof of income further into the application process. Funding will be on a month to month basis for any given program. Applicant must have a program of choice at the time of applying and funds will be paid directly to the institution of which the program will take place. There will be an interview process before approval. A contract will have to be signed upon approval in order to ensure accountability of all parties. All financial aid will be determined based on current funding of the Giving Grace Foundation, applicant financial hardship and cost of programming.
